

Registered Charity No. 219585

**A new book produced by
the
Bournemouth Natural
Science Society**

**A Celebration of the
Natural History of the area
within a 15 mile radius of
Bournemouth**

**A look at the current state
of the Natural History,
Open Spaces, Geology
and the History of the area**

In 1914, the Society produced a book which recorded the Natural History of the local area. This new book updates and expands upon its predecessor, by recording the current flora and fauna and making comparisons with the earlier work. We hope that our publication will serve as a record and reference for a long time to come.

This 24 x 17 cm hardback book contains 248 pages, 170 pictures, many maps and figures in eight chapters. It will be available in December 2009 at a cost of £19.99 from local Bookshops or direct from the Bournemouth Natural Science Society (+P&P).

**Contact: Bournemouth Natural Science Society.
